HERCULES **W**

Go big, go far, and go fast!

If you want to be the baddest boy on the block, then the perfect e-Bike for you is our new Hercules. Like the name suggests, the Hercules is a big of mean macho bike and is ready to tackle anything. With sharp angular looks, a huge 20Ah battery that is coupled to a motor that features max power and torque, the Hercules will make a lasting impression where ever it goes and will get you there with an attitude.

Want to explore the world around you without limits, then the let Hercules be your ticket to adventure.

Key features

- 1750 watt motor with torque sensor provides an eBike riding experience.
- Hydraulic disc brakes guarantee safe stopping in even the toughest weather conditions.
- 16 capacity 20Ah battery is split on a front and back.
